

CPE/CPF Series

People. Passion. Performance.

Gear Drive Rotary Screw Air Compressors

100 to 200 HP

Reliable Compressed Air For Serious Professionals

Experience the innovation and worry-free operation of the Chicago Pneumatic gear drive series of rotary screw air compressors. Pre-filtered air intake and reduced voltage starting mean low operating and maintenance costs. Standard enclosure and ease of maintenance produce an environment that lets you focus on your business, not your compressor!

Model	CPE-100	CPE-120	CPE-150	CPF-175	CPF-200
HP	100	125	150	175	200
acfm @ 100 psig	493	562	687	871	999
acfm @ 125 psig	439	517	615	752	911
acfm @ 150 psig	421	473	561	672	822
acfm @ 175 psig	363	420	526	582	701
Sound Level (dBa)	75	77	75	72	73
L x W x H (in.)	74 x 42 x 64	74 x 42 x 64	88 x 42 x 64	105 x 59 x 76	112 x 63 x 78
Base Weight (lbs.)	3461	3527	3990	5655	6239

Standard Features:

- Low sound enclosure
- 125 psig readily available
- 100, 150 and 175 psig also available
- Wye-delta starter and TEFC motor are standard
- ES4000 microprocessor control (CPE 100 - 125 HP)
- Airlogic controller (CPE 150, CPF series)
- 230/460V (CPE 100 - 125 HP) and 575V (CPE 100 - 125 HP)
- 460V or 575V (CPE 150 - CPF 200 HP)
- Separate oil and aftercoolers
- Temperature protection on drive side motor bearings (CPE 100 - 125 HP)
- Air/oil tank with temperature protection
- Flexible drive coupling (CPE 150, CPF series)
- Improved long life inlet valve
- Latest design minimum pressure/oil stop valve
- Shipped with 8,000 hour lubricant as standard

CPE 150 - CPF 200

Intelligent Savings

The CPE 100 - 120 is managed by the ES4000, an electronic control unit programmed for energy saving operation with intelligent shutdown. The ES4000 control can be programmed to shutdown in accordance with your plant air demand and reduce long periods of unloaded operation, reducing power cost. The ES4000 control feature can save a customer hundreds of dollars per year.

The ES4000 constantly monitors compressor operation and notifies you—before a problem occurs!

The CPE-150 and CPF series is managed by the Airlogic control unit, which is also programmed for energy saving operation and intelligent shutdown. The Airlogic controller has all of the same features as the ES4000 and more.

The CP Compressor Guarantee

Chicago Pneumatic (CP) is dedicated to providing high quality, reliable equipment that has stood the test of time as one of the most rugged compressors in the market. Our compressors are 100% factory tested, and we stand behind our products with one of the most competitive warranties in the industry!

- | | |
|------------------------------|-----------------|
| • All rotary screw | 5 YEARS* |
| • Two-stage reciprocating | 2 Years |
| • Single-stage reciprocating | 1 Year |

**Authorized start-up required.*

CP compressors are supported by a network of trained service technicians who can provide complete warranty support, spare parts and technical consultation. For more information on our products, please contact your CP territory sales manager or a local authorized CP distributor.

Over 100 years of experience

Since 1901 the Chicago Pneumatic name has represented high-performance tools and equipment designed for an extensive range of applications. Today, Chicago Pneumatic has a global reach, with local customer centers around the world. Chicago Pneumatic products are tailored to the needs of the industrial, vehicle service, and construction markets. Every day we develop and manufacture new products that are meant to meet your demands not only today, but tomorrow as well.

To learn more about our extensive range of tools, hydraulic attachments, industrial and portable compressors, accessories and workshop equipment, please visit www.cp.com.

Original parts. Your quality assurance.

The “original part” identification confirms that these components passed our strict test criteria. All parts are designed to match the compressor. They have been thoroughly tested to obtain the highest level of protection, extending the compressors’ lifetime and keeping the cost of ownership to an absolute minimum. No compromises are made on reliability. The use of “original part” certified quality components helps ensure reliable operation and will not impact the validity of your warranty, unlike other parts. Look for the quality assurance seal.

DISTRIBUTED BY

The Compressed Air and Gas Institute, CAGI, is an organization dedicated to improving the compressed air industry through established standards. As a proud member of CAGI, CP Compressors publishes all technical data in accordance with CAGI/PNEUROP PN2CPTC2 guidelines and voluntarily allows products to be selected for participation in CAGI's Performance Verification Program. With CP Compressors, our customers know they are receiving the excellent performance that we publish.
